

JA Assure — DoctorShield Medical Malpractice Indemnity

Clinical Risk Governance and Professional Indemnity (Page 1)

DoctorShield is JA Assure's premier medical indemnity and professional liability platform, serving medical practitioners, dental surgeons, specialists, and private clinics across Malaysia and Singapore. In modern clinical practice, doctors face increasing legal exposure from patient negligence claims, statutory inquiries, and medical council disciplinary hearings (e.g. Singapore Medical Council, Malaysian Medical Council).

DoctorShield delivers contractual claims-made indemnity protection. Unlike discretionary indemnity organizations which may refuse defense at board discretion, DoctorShield provides enforceable contractual defense backed by leading A-rated insurers.

Core Protection Scope:

- Clinical Negligence Defense: Legal defense costs for civil malpractice claims arising from medical treatment.
- Statutory & Medical Council Inquiries: Coverage for legal representation during Medical Council disciplinary hearings and coroners' inquests.
- Defamation & Good Samaritan Acts: Protection extending to emergency medical aid rendered outside clinic premises.
- Run-off & Retirement Cover: Extended reporting period options for retired or transitioning practitioners.

DoctorShield — Claims Handling & Panel Counsel (Page 2)

Disciplined Legal Defense and Incident Reporting

A critical advantage of DoctorShield is rapid appointment of specialist medico-legal defense counsel. Early intervention mitigates reputation damage and ensures procedural rights are protected before medical boards.

- Independent Specialist Panel: Access to experienced medical defense litigators with proven clinical law expertise in ASEAN.
- Prompt Incident Notification: Insured doctors must notify DoctorShield upon receiving any solicitor notice, patient complaint letter, or Medical Council query. Prompt reporting preserves coverage under claims-made triggers.
- Consent to Settle Clause: Settlement of clinical disputes is conducted in close consultation with the doctor, protecting professional clinical reputation and avoiding unwarranted fault admissions.

DoctorShield — Exclusions & Ethical Disclosures (Page 3)

Regulatory Disclosures & Excluded Acts

In compliance with healthcare advertising guidelines and insurance regulations, DoctorShield marketing must never use scare tactics or promise lawsuit dismissals.

Standard Policy Exclusions: 1. Criminal, Fraudulent or Malicious Acts: Coverage does not defend intentional criminal conduct or fraudulent billing. 2. Practice Outside Endorsed Specialty: Performing advanced surgical or aesthetic procedures outside approved registered qualifications. 3. Prior Known Incidents: Circumstances known to the physician prior to policy inception that were not disclosed. 4. Fines & Penalties: Statutory criminal fines or punitive sanctions imposed by regulatory bodies.

Regulatory Notice: DoctorShield is an insurance advisory solution provided through JA Assure. Legal defense and indemnity limits are subject to underwriting acceptance, specialty risk tiering, and policy terms. Marketing must avoid sensationalism or fearmongering.
